

# DCV200

## Digital Camera with Movement detector

### Technical specifications

#### 1. Electrical characteristics

Parameter	Value
Power supply	3 batteries
Battery type	Lithium LS14500
Battery life	> 4 years
<b>Communication</b>	
Type	Bidirectional
Technology	WiseLink <sup>®</sup>
Radio type	FM 868 Mhz in 4 bands
Control Frequencies	FM 868 Mhz in 4 bands
Frequencies allocation	Automatic by the panel
Video Frequency	FM 868 MHz
Supervision	By the panel / 8 minutes
Antennae	Integrated
Transmission security	By AES algorithm encryption
Approval	CE Marking
Operating temperature	0°C ...+40°C
Humidity	70% max

## 2. Functionalities

Parameter	Value
Test light	In test mode behind the lens
Recording	By push button at bottom
Traceability	Internal serial nb, and bar code
Tamper protection	Opening and ripping off
<b>Detection</b>	
Technology	Passive infrared
Detector type	Dual elements
Lens type	Fresnel
Detection angle	90°
Detection distance	12 m
<b>Camera</b>	
Video sequence in intrusion	<b>Mpeg1.0</b>
Sensitivity	0.2 Lux
Lens	Wide angle 85°, no IR treatment
<b>Night vision</b>	Yes
Infra red	2 Leds
<b>Type</b>	Automatic switching

## 3. Fixing

Parameter	Value
Wall fixing	2 screws
Fixing position	In corner or flat to the wall
Mounting adjustment	No, pre positioned

## 4. Mechanical characteristics

Parameter	Value
Material	ABS - ULV0
Height	87 mm
Length	69 mm
Thickness	71 mm
Weight (without battery)	110g
